WHO WE ARE

The UBC Computer Science Student Society (CSSS) represents the student body of one of Canada's top CS programs. We ensure that students have access to a wide range of industry and academic opportunities, with the CS community at UBC actively serving as a hub of innovation and excellence.

We bring the largest and most exciting events to campus, including our annual UBC Technical Career Fair, our premier event since 1994.

Your partnership puts your visibility at the forefront of over 3,000 students. We invite you to attend, support, and host our industry events. In return, you'll have the opportunity to establish talent pipelines and align your brand with high-impact initiatives across design teams, hackathons, and industry fairs.

If you have any questions regarding our flagship events, the Technical Career Fairs, or our general sponsored events, please send them to vpx@ubccsss.org.

Apoorva Devarakonda and Saurav Roy

Co-Vice President, External

UBC Computer Science Student Society

WHY SPONSOR US?

20+

Years of Service

4000+
